About Me

I am a flexible programmer who wants to transform the world into a united and connected place, using and developing the technology, that we have.

I like to think creatively and find optimal solutions, respecting the conditions and deadlines imposed. I work well under pressure, I bring added value to the team I work with, through effective communication and collaboration.

I am looking for a position in an IT company to improve knowledge with a team of experts.

Education

BACHELOR DEGREE „BABEȘ-BOLYAI” UNIVERSITY (2021-2024)
